PROFILE

Engineering student entering the ModIA specialization (Mathematics & AI) at ENSEEIHT this upcoming school year, seeking a 2-year Data Science or AI Engineering apprenticeship. With a strong background in applied mathematics and initial industrial experience, I am eager to design complex AI models within your teams.

LANGUAGES

English Advanced
German Intermediate

SKILLS

- Languages:** Python, C++/Arduino, Java, SQL, Ada
- Data Processing:** Matlab, Numpy, Pandas, Scikit-learn
- Tools & Systems:** Windows, Linux, Git
- Soft Skills:** Teamwork, project management, creativity

RELEVANT PROJECTS

- Financial Prediction Model – Python**
Development of a predictive model for stock market index trends. *Random Forest, XGBoost, Scikit-learn.*
- Network Router Simulation – Ada**
Comprehensive modeling of a router's operation (queues, routing, traffic, cache), module-based organization, linked structures, and trees.

Alexis de Lécluse

Seeking a 2-Year Data /AI Engineering Apprenticeship

EDUCATION

COMPUTER SCIENCE ENGINEERING

2025 – 2028 | ENSEEIHT, Toulouse (31)

- ModIA Specialization (Mathematics, Optimization, Data, AI)
- Advanced training in Digital Sciences: Advanced Mathematics, Programming, and Data Analysis.

ENGINEERING PREPARATORY COURSE

2023 – 2025 | CPP – La Prépa des INP, Grenoble (38)

- Comprehensive scientific training (Mathematics, Physics, Computer Science, Chemistry).
- Fundamental basics in Mathematics: Calculus, Analysis, Algebra, Probability, and Statistics.

HIGH SCHOOL DIPLOMA

2022 | Lycée St Etienne, Sens (89)

- With highest honors (Mention très bien)

PROFESSIONAL EXPERIENCE

Cleanroom Operator Intern

May – June 2025 | Lynred, Grenoble (38)

- Production:** Assembled high-precision infrared sensors on a high-tech production line.
- Rigor:** Strictly complied with hygiene protocols and standards in a controlled environment (cleanroom).
- Quality:** Monitored production metrics and verified component conformity.
- Teamwork:** Collaborated with technicians and engineers to ensure production flow targets were met.

EXTRACURRICULAR ACTIVITIES

Music:

Trumpet: 10 years of experience, played in various orchestras (rigor, communication).

Singing: Director of a high school choir, currently a chorister (team management, coordination).

Scouting:

Civic Involvement: 12-year commitment, including 3 years as a scout leader, developing autonomy, sense of responsibility, and organizational skills.
